

International Scholarships

We're delighted to offer our NEW International Scholarship Programme to students joining us in the 2009 academic year and all new applicants are eligible to apply. We've committed **over £700,000** in financial support to well-qualified students from outside the EU to help meet the cost of their studies so they can concentrate on making the most of their study time.

You are also welcome to apply if you have:

- already applied for a course earlier in the year
- deferred from the previous year

We are offering a wide range of scholarships for different groups of talented overseas students to:

- help students with a good academic track record to join our courses
- support our ongoing efforts to increase the diversity of our student population
- enhance the success of our many overseas partnerships

Full details of our different Scholarships, with eligibility requirements and entry requirements are below. The Scholarships are allocated by the International Scholarships Panel and successful candidates will be informed by post. All decisions are final and the Scholarships will be given in the form of a fees reduction.

If you're not sure if you're eligible for a Scholarship or have any other questions please complete our [International Student Enquiry Form](#) or contact Andy Ball, our International Enquiries Manager, on 020 7815 6189 or email internat@lsbu.ac.uk.
